## INDEPENDENT AUDITORS' REPORT

Board Members  
New Jersey Higher Education Student Assistance Authority  
Trenton, New Jersey

### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the accompanying financial statements of the business-type activities of the New Jersey College Loans to Assist State Students (NJCLASS) and Federal Family Education Loan Programs (FFELP) (collectively, the Programs) of the New Jersey Higher Education Student Assistance Authority (the Authority), as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Programs as of June 30, 2022 and 2021, and the changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of Matter**

As more fully disclosed in Note 1, the financial statements present only the business-type activities of the NJCLASS and FFELP Loan Programs of the Authority and do not purport to and do not present the financial position of the Authority as a whole as of June 30, 2022 and 2021, and changes in its financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

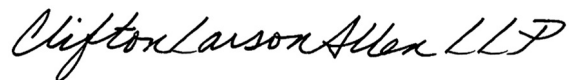

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audits were conducted for the purpose of forming opinion on the financial statements of the Programs. The combining schedules of net position and combining schedules of revenues, expenses, and changes in net position are the responsibility of management and were derived from and related to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining schedules of net position and combining schedules of revenues, expenses, and changes in net position are fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2022, on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Program's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**YEAR ENDED JUNE 30, 2022**

As financial management of the New Jersey Higher Education Student Assistance Authority's (the Authority) New Jersey College Loans to Assist State Students (NJCLASS) Loan Program, and the Federal Family Education Loan Program (FFELP) (collectively, the Programs), we offer readers of these financial statements this narrative overview and analysis of the financial activities of the Programs for the Fiscal Year ended June 30, 2022, 2021, and 2020. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. We encourage readers to consider the information presented herein in conjunction with the financial statements taken as a whole. A comparative analysis of key elements of the financial statements is provided in this overview.

**Overview of the Financial Statements**

This discussion and analysis serves as an introduction to the Programs' financial statements, which are comprised of the financial statements and the notes to financial statements. Since the Programs are comprised of a single enterprise fund, no fund-level financial statements are shown. This report also contains other supplementary information concerning the financial position and results of operations broken down by bond issues included in the Programs.

**Financial Statements**

The financial statements provide readers with a broad overview of the Programs' finances, in a manner similar to a private-sector business.

The statements of net position present information on all of the Programs' assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position can serve as a useful indicator of whether the financial position of the Programs is improving or deteriorating. Net position increases when revenues exceed expenses, or increases to assets occur without corresponding increases to liabilities. Increases in net position indicate an improved financial position.

The statements of revenues, expenses, and changes in net position present information showing how net position changed during the Fiscal Year. All changes in net position are reported as soon as the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future Fiscal Year periods.

**Notes to Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

**Other Information**

In addition to the financial statements and accompanying notes, this report also presents certain *supplementary information* concerning the financial position and results of operations of each bond issue included in the Programs, as well as the auditors' report on internal control over financial reporting and on compliance and other matters.

For further detail, visit the Authority's website at [www.hesaa.org](http://www.hesaa.org) for more information about Authority programs and activities and management contact information.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**YEAR ENDED JUNE 30, 2022**

**Financial Highlights and Analysis**

The Programs' net position, referring to the difference between assets, deferred outflow of resources, liabilities, and deferred inflows of resources, decreased by \$867,589 from the prior Fiscal Year ended 2021, increased by \$10,767,154 from Fiscal Year ended 2020 to 2021, and increased by \$3,071,196 from Fiscal Year ended 2019 to 2020. The term "Net Position" is used in accordance with rules promulgated under Governmental Accounting Standards Board (GASB) Statement No. 34, as amended.

As of June 30, 2022, 2021, and 2020, the assets and deferred outflows of the Programs exceeded liabilities and deferred inflows of resources by \$339,198,323, \$340,065,912, and \$329,298,758, respectively.

**Changes in Student Loans Receivable Balances**

The largest portion of the Programs' assets consisted of loans receivable from participating borrowers. Total student loans receivable under both the NJCLASS and FFELP loan programs amounted to \$1,194,790,834, \$1,299,910,534, and \$1,454,059,252 at June 30, 2022, 2021, and 2020, respectively. This represents 2022 and 2021 decreases of \$105,119,699 and \$154,148,718, respectively, due to loan principal repayments during these years, partially offset by loan originations.

**Changes in Cash and Investments Balances**

The second major asset component was cash and investments, which together totaled \$525,164,045, \$486,042,271, and \$485,570,710 at June 30, 2022, 2021, and 2020, respectively. The cash and investment balances represent the amounts dedicated to student loan origination and acquisition, funding of reserves required by bond covenants, payment of future Program expenses, and future retirements of bonds.

The increase in cash and investments for Fiscal Year 2022 was primarily due to the receipt of higher bond proceeds from the 2022-1 Bond Issue than the prior bond issue partially offset by redeeming higher bonds than the prior year. The decrease in cash and investments for Fiscal Year 2021 was primarily due to the receipt of lower 2021-1 Bond Issue proceeds in June of 2021 than the prior year partially offset by redeeming less bonds than the prior year. Cash was further decreased in FY 2020 by an equity distribution from the 2010-1 bond issue, less interest income on investments from lower interest rates and less cash receipts for loans forgiven in FY 2020.

- Cash and investments balances were replenished from principal repayments and interest income from NJCLASS and FFELP borrowers, amounting to \$321,125,465, \$352,208,796, and \$372,050,851 during Fiscal Years 2022, 2021, and 2020, respectively. In addition, NJCLASS administration fee income was \$4,360,455, \$3,602,047, and \$4,879,243, and \$718,179, \$78,624, and \$5,703,630 in interest was earned on investments for 2022, 2021, and 2020, respectively.

**Changes in Liabilities – Bonds Payable**

The main liability of the Programs is the debt used to originate or acquire student loans.

Bonds payable decreased in Fiscal Year 2022 by \$67,025,000 due to \$334,870,000 in retirements, offset by the 2022-1 bond issuance of \$267,845,000.

Of the amount retired in Fiscal Year 2022:

- \$108,300,000 in retirements was due to scheduled bond maturities.
- \$173,710,000 was due to Special Optional Redemptions of portions of the fixed rate 2012-1, 2013-1, 2014-1, 2015-1, 2016-1, 2017-1, 2018-1 and 2019-1 Issues, as a result of better than forecasted cash flows on these issues.
- \$46,705,000 was through a refunding of all of the Authority's remaining bond issue at par, as part of the 2022-1 Bond Issue.
- \$4,900,000 was due to quarterly Excess Revenue Redemptions of the 2010-FFELP Bonds, in accordance with the terms of that Indenture.
- \$1,255,000 was through unexpended proceeds redemption of a portion of the 2014-1 Variable Rate Bonds, which had been issued to fund 2014-1 10-year variable rate loans.

The following is a summary of new bond issuance activity during the June 30, 2022, 2021, and 2020 Fiscal Years:

- The 2022-1 Bonds, with a par amount of \$204,365,000 in Senior Fixed Rate Bonds, \$19,480,000 in Senior Fixed Rate Refunding Bonds, and \$44,000,000 in Subordinate Bonds were issued in May 2022 under the 2019-1 Master Indenture. In addition, a net bond premium of \$7,195,082, and net cash of \$53,036,350 transferred from the retired 2010-2 Indenture resulted in total proceeds of \$328,076,432. Of this amount, \$269,683,182 was designated for the origination of NJCLASS, NJCLASS Refi+, and NJCLASS Consolidation loans for the 2021-2022 academic year and the acquisition of existing NJCLASS loans transferred from the 2010-2 Indenture. The remaining \$5,356,900 was allocated to required reserves. The Underwriter's Discount, amounting to \$1,890,449 and other closing costs, estimated to be approximately \$789,109, were paid from other HESAA reserves.
- The 2021-1 Bonds, with a par amount of \$83,335,000 in Senior Fixed Rate Bonds, \$11,410,000 in Senior Fixed Rate Refunding Bonds, and \$13,000,000 in Subordinate Bonds were issued in May 2021 under the 2021-1 Master Indenture. In addition, a net bond premium of \$10,409,479, and net cash of \$23,939,422 transferred from the retired 2010-2 Indenture resulted in total proceeds of \$141,281,504. Of this amount, \$113,499,579 was designated for the origination of NJCLASS, NJCLASS Refi+, and NJCLASS Consolidation loans for the 2021-2022 academic year and the acquisition of existing NJCLASS loans transferred from the 2010-2 Indenture. The remaining \$4,654,900 was allocated to required reserves. The Underwriter's Discount, amounting to \$812,397 and other closing costs, estimated to be approximately \$486,703, were paid from other HESAA reserves.

**Changes in Liabilities – Bonds Payable (Continued)**

- The 2020-1 Bonds, with a par amount of \$99,800,000 in Senior Fixed Rate Bonds, \$120,640,000 in Senior Fixed Rate Refunding Bonds, and \$27,000,000 in Subordinate Bonds were issued in June 2020 under the 2019-1 Master Indenture. In addition, a net bond premium of \$11,694,477, and net cash of \$33,673,005 transferred from the retired 2010-1 Indenture resulted in total proceeds of \$292,807,482. Of this amount, \$287,858,682 was designated for the origination of NJCLASS, NJCLASS Refi+, and NJCLASS Consolidation loans for the 2020-2011 academic year and the acquisition of existing NJCLASS loans transferred from the 2010-1 Indenture. The remaining \$4,948,800 was allocated to required reserves. The Underwriter's Discount, amounting to \$1,832,611 and other closing costs, estimated to be approximately \$570,000, were paid from other HESAA reserves.

**NEW JERSEY HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY  
NJCLASS/FFELP LOAN PROGRAMS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2022**

**Explanation of Changes in Financial Performance**

Changes in the financial results of the Programs were due to the following major factors:

**Operating Revenues**

- Interest income on NJCLASS student loans decreased by \$15,174,575 or 16.4%, \$8,521,298 or 8.5%, and \$10,280,962 or 9.3% in 2022, 2021, and 2020, respectively. The 2022 decline was largely due to a decrease in NJCLASS loans outstanding of \$105,119,699 versus 2021 including loans being financed externally thus leaving the NJCLASS portfolio as well as loans being refinanced through NJCLASS as lower interest rates. Net disbursements during the 2022, 2021, and 2020 Fiscal Years were approximately \$144.5 million, \$118.9 million, and \$159.7 million, respectively.
- Beginning with Bonds issued under the 2012-1 Indenture, the payment of 1% of a 3% administrative fee on newly disbursed loans into a Loan Reserve Fund was discontinued and instead 2% of the administrative fee is deposited into the Student Loan account as overcollateralization for the Trust Estate. 2022 loan disbursements were higher than the prior year as students started returning to school following the coronavirus (COVID-19) pandemic and demand for HESAA refinanced loans was higher than 2021. 2021 loan disbursements were less than 2020 loan disbursements principally due to less borrower demand during COVID-19. Correspondingly, 2022 administrative income was higher than 2021 but 2021 administrative income was lower than 2020. Due to higher loan disbursements in Fiscal Year 2020 administrative fee income was \$4.9 million, or an overall combined increase of \$162,666 from Fiscal Year 2019.
- Interest income on FFELP loans during the 2022, 2021, and 2020 Fiscal Years decreased by \$136,380, \$553,989, and \$382,890, respectively, due to the continuing reduction in FFELP portfolio assets. FFELP assets declined to \$23,954,741 at June 30, 2022, from \$28,864,415 at June 30, 2021, and \$34,394,191 at June 30, 2020.

**Operating Expenses**

- Bond interest expense for Fiscal Years 2022, 2021, and 2020 was \$45,221,590, \$52,215,129, and \$60,687,665, respectively. This represents decreases of \$6,993,539 or 13.4%, \$8,472,536 or 14.0%, and \$11,194,440 or 15.6% in 2022, 2021, and 2020, respectively. These changes were due to the lower amount of bonds outstanding as a result of retirements during these years and lower interest rates of the most recent bond issues.

**Bad Debt Expense**

- In Fiscal Year 2022, an additional \$5,831,769 in bad debt expense was recognized, a decrease of \$1,422,415 from Fiscal Year 2021, during which \$7,254,186 in bad debt expense was recognized, but an increase from 2020 when bad debt expense was \$1,253,532. COVID-19 provided economic challenges to many of the borrowers resulting in more severely delinquent and subsequently defaulted loans than the last several years. The prior two Fiscal Years have experienced slower growth in the number of defaulted loans probably attributable to stricter underwriting standards that have been adopted by the NJCLASS Program in recent years and better economic conditions than in Fiscal Year 2022.

**NEW JERSEY HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY  
NJCLASS/FFELP LOAN PROGRAMS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2022**

**Bad Debt Expense (Continued)**

- Bad debt expense is recorded when increases to the allowance for doubtful accounts recorded against amounts due from the Loan Reserve Funds to pay default claims become necessary. For a full description of the allowance for doubtful accounts and defaulted loans, see **NOTES TO FINANCIAL STATEMENTS – NOTE 3, STUDENT LOANS RECEIVABLE – Loan Defaults/Loan Reserve Fund.**

**Nonoperating Revenues (Expenses) and Other Changes**

- Parity releases from the 2010-FFELP loan portfolio are made possible when the 2010-FFELP Bond Issue parity exceeds the release level of 110% as defined in its Indenture. There were no parity releases from the 2010-FFELP loan portfolio in Fiscal Year 2021 as per the 2010-1 FFELP Indenture, excess parity cannot be released after June 1, 2020 but rather must be directed to the repayment of the outstanding bonds. As a consequence, there were no parity releases to the Authority in Fiscal Year 2022 or 2021.
- At the end of Fiscal Year 2022 and 2021, there was an equity distribution of \$5,207,950 and \$9,298,900 from the 2011-1 and 2010-1 bond issues, respectively, to HESAA as part of a refunding of the bonds for that bond issue.
- In part of HESAA's compliance with its formal loan yield reduction policy, \$16,065,452 and \$5,679,340 in loans and interest was forgiven in FY2022 and FY2021, respectively for the 2012-1, 2013-1, 2014-1, 2015-1, 2016-1, 2017-1, 2018-1 and 2019-1 bond issues. See **NOTES TO FINANCIAL STATEMENTS – NOTE 5, ARBITRAGE REBATES AND ACQUIRED PURPOSE INVESTMENT LIABILITY.**

**Significant Events**

- At Fiscal Year-end 2022, the Programs had \$1,417,065,000 in bonds outstanding, compared to \$1,484,090,000 in the prior Fiscal Year – a decrease of 4.5%. This is due to a total issuance during the year of \$267,845,000 in 2022-1 Bonds, which closed on May 05, 2022, offset by retirements of \$334,870,000. In the prior Fiscal Year, HESAA issued \$107,745,000 in 2021-1 Bonds, offset by retirements of \$271,155,000.
- During Fiscal Year 2022, there was an increase in NJCLASS student loan origination volume, with cash disbursements of \$144,466,307 for new loans, compared to \$118,917,696 during Fiscal Year 2021, an increase of 21.5%.
- HESAA experienced higher demand for NJCLASS loans in Academic Year 2021-2022 after a year when loan volume declined due to State and national pandemic mitigation policies which impacted enrollment at institutions of Higher Education. In Academic Year 2021, loan demand was lower due to parent and student borrowers not incurring costs traditionally associated with housing and a physical presence on campus as many colleges and universities provided only remote learning to their students. During Fiscal Year 2022, there was an increase of 21.5% in NJCLASS origination volume from the prior year not only due to standard loans for college loans but due to higher demand for HESAA refinance loans. These refinance loans helped prior student college borrowers lower their debt cost.

**Current Conditions**

In response to the continuing demand for NJCLASS loans, HESAA issued its Series 2022-1 Bonds on May 05, 2022, to fund anticipated NJCLASS loan volume for the 2022-23 academic year. During the previous year, HESAA issued its Series 2021-1 Bonds on May 26, 2021.

HESAA's current minimum credit score and income requirements, as well as its loan type funding availability has helped ensure that families can afford to repay the NJCLASS loans they obtain to cover the portion of the expected family contribution not funded from other sources. Since the 2012-13 academic year, the minimum credit score to obtain an NJCLASS loan has been 670 and the minimum income to obtain an NJCLASS Loan has been \$40,000. COVID-19 provided economic challenges to many of the borrowers resulting in more severely delinquent and subsequently defaulted loans than the last several years. The prior two Fiscal Years have experienced slower growth in the number of defaulted loans probably attributable to stricter underwriting standards that have been adopted by the NJCLASS Program in recent years and better economic conditions than in Fiscal Year 2021. Total new defaults in Fiscal Year 2022 were \$13.3 Million or 23% lower than Fiscal Year 2021 while Fiscal Year 2021 had 130% higher defaults than Fiscal Year 2020.

For specific statistical information regarding default experience during Fiscal Years 2022 and 2021, refer to **NOTES TO FINANCIAL STATEMENTS – NOTE 3, STUDENT LOANS RECEIVABLE – Loan Defaults/Loan Reserve Fund.**

In response to consumer demand for loan products that meet the needs of a wider range of borrower profiles, the NJCLASS program currently offers borrower families fixed rated undergraduate loans with three repayment options (10-, 15-, or 20-year terms); Graduate/Professional Loans (25-year term); and the NJCLASS loans Consolidation Loan (25- or 30-year terms). In 2016 the Authority initiated its NJCLASS pilot loan refinance program, ReFi+, for borrowers who wish to refinance their outstanding NJCLASS loans and/or federal Parent PLUS loans. Under the Refi+ program, three different loan rates are offered, based on borrower credit score at the time of application.

For a complete description of HESAA loan product offerings and terms during the academic years 2021-22, 2020-21, and 2019-20, refer to **NOTES TO FINANCIAL STATEMENTS – NOTE 3, STUDENT LOANS RECEIVABLE.**

**NJCLASS/FFELP LOAN PROGRAMS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of the Authority**

The New Jersey Higher Education Student Assistance Authority (the Authority or HESAA) is a public body corporate and politic that is in, but not of, the Department of State of the state of New Jersey (the State) and is an instrumentality of the State.

The Authority was established by state legislation in 1999 to provide students and families with the financial and informational resources for students to pursue their education beyond high school. Prior to the act, the New Jersey Higher Education Assistance Authority, created by legislation in 1959, served as lender and guarantor of federally guaranteed student loans for New Jersey students. References herein to the Authority include the predecessor Authority where the context so requires.

**Reporting Entity**

The reporting entity is comprised of the New Jersey College Loans to Assist State Students (NJCLASS) Loan Program and the Federal Family Education Loan Program (FFELP) (collectively, the Programs) which are governed by various trust indentures. These financial statements present only the business-type activities of the NJCLASS and FFELP Loan Programs of the Authority, and do not purport to, and do not present the financial position of the Authority as of June 30, 2022 and 2021, and its changes in net position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**NJCLASS Program**

The NJCLASS Loan Program is a supplemental loan program initiated by the Authority in September 1991. The NJCLASS Loan Program offers an alternative source of financial support to students and their parents, spouses, legal guardians, or other relatives in meeting the costs of the student's education at a degree-granting college or university. Since 1991, the Authority has issued bonds to fund student loans through this Program.

**FFELP Loan Program**

In 2001, the Authority expanded its use of debt financing by issuing bonds, with a portion of the proceeds allocated to purchase a portfolio of existing loans with a New Jersey nexus issued through the Federal Family Education Loan Program (FFELP). Using a portion of the proceeds of its 2001 through 2004 Bond Issues, the Authority purchased portfolios of New Jersey nexus FFELP loans or FFELP Consolidation loans from other FFELP loan origination/servicing entities. The Authority is not the servicer on any of the FFELP loans acquired with NJCLASS/FFELP Bond proceeds, but is the guarantor on a portion of its FFELP portfolio. The NJCLASS/FFELP Loan Program has also used bond proceeds to purchase portfolios of rehabilitated FFELP student loans from the portfolio of previously defaulted FFELP student loans held by the Authority as the New Jersey state guaranty agency, and to originate a small portfolio of FFELP loans for low income borrowers using a portion of the 2005 Bond proceeds.

**NEW JERSEY HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY**  
**NJCLASS/FFELP LOAN PROGRAMS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**FFELP Loan Program (Continued)**

Title II of the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111-152) signed into law by President Barack Obama on March 30, 2010, contains various student loan amendments, including the termination of the process of the federal government paying set yields to private banks to originate federally insured loans and, instead, the loans are administered directly by the U.S. Department of Education, effective July 1, 2010. As a result, the Authority no longer originates or acquires FFELP Loans.

On May 7, 2010, the Authority transferred its entire portfolio of FFELP loans from the 2001, 2002, 2003, 2004, and 2005 issues to the 2010-FFELP issue, as part of a bond refunding process.

**Basis of Accounting**

The Programs prepare their financial statements using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when incurred. The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing government accounting and financial reporting principles. The Programs are required to follow all statements of the GASB.

**Operating Revenues and Expenses**

The Programs' operating revenues consist of administrative fees for student loan originations as well as interest income earned on student loans. Operating expenses consist of loan service and transaction fees, bond interest, bad debt expense, and other expenses related to NJCLASS and FFELP loans. All other revenues and expenses are reported as nonoperating revenues and expenses.

**Cash and Cash Equivalents**

Cash and cash equivalents include time deposits, certificates of deposit, and highly liquid debt instruments with original maturities of three months or less at the time of purchase.

**Investments**

Investments are reflected at fair value, in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and GASB Statement No. 72, *Fair Value Measurement and Application*. The Authority categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. In addition, the fair value of certain investments that do not have a readily determinable fair value is classified as NAV, meaning Net Asset Value per share, when the fair value is calculated in a manner consistent with the Financial Accounting Standards Board's measurement principles for investment companies. In accordance with the provisions of the bond indentures, the Authority is generally required to invest available monies in qualified investments. The bond indentures define qualified investments as:

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investments (Continued)**

- (1) Government obligations and any obligations of any state or political subdivision of a state (collectively, the Municipal Bonds).
- (2) U.S. Government and certain other governmental agencies' obligations.
- (3) Insured certificates of deposit.
- (4) Other investments acceptable by the State and rated accordingly by either Standard or Poor's (S&P), Moody's, or A.M. Best, including annuity contracts and repurchase agreements.

**Use of Estimates in Preparing Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and are factored into reporting for subsequent accounting periods.

**Federal Income Taxes**

The Authority is deemed to be an essential governmental function of the state and, as such, is exempt from federal income taxes. Accordingly, no provision for federal income taxes has been made in the accompanying financial statements.

**Bond Issuance Costs**

The costs of issuance of bonds that are paid with bond funds or other resources available under the bond indentures are expensed in the year incurred. Bond issuance costs paid with other Authority funds are not recognized in these financial statements.

**Bond Premiums and Discounts**

Bond premiums and discounts are amortized over the life of the related debt using the straight-line method of amortization. Because net bond premiums exceed net bond discounts, the unamortized amount of premium and discount is shown as a net amount in the liabilities section on the statements of net position. Amortization revenue and expense is recorded as bond interest expense in the statements of revenues, expenses, and changes in net position.

**NEW JERSEY HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY  
NJCLASS/FFELP LOAN PROGRAMS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Restricted Net Position**

In accordance with the terms of the various bond resolutions, the excess of assets and deferred outflows of resources over liabilities and deferred inflows of resources under such bond resolutions is classified as restricted net position, to be used for the purpose specified in the bond resolutions.

**NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS**

**Cash and Cash Equivalents**

The NJCLASS/FFELP Loan Programs maintain their cash and cash equivalents balances primarily in trust accounts at one financial institution. As trust account balances, these funds are not available to the institution to meet its general financial obligations and are restricted under the terms of the Authority's bond resolutions for the payment of bond principal and interest expense, student loan disbursements, and Program expenses. These funds are invested in an AAA-rated money market fund secured by U.S. government obligations which maintains a stable net asset value of one dollar per share valued at amortized cost.

Additionally, the Programs utilize lockbox accounts to clear cash receipts. Amounts on deposit in the NJCLASS lockbox accounts at Wells Fargo Bank are collateralized by direct obligations of or obligations guaranteed by the United States or the state of New Jersey in accordance with New Jersey Statute 52:18-16 and New Jersey Department of Treasury policy.

The amounts on deposit in these cash accounts were as follows:

	<u>2022</u>	<u>2021</u>
Lockbox Cash (Wells Fargo Bank)	\$ 3,458,356	\$ 9,413,086

Total	<u>\$ 488,305,965</u>	<u>\$ 454,099,849</u>

The carrying amount in these accounts at June 30, 2022 and 2021 were \$488,305,965 and \$454,099,849, respectively.

**NEW JERSEY HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY**  
**NJCLASS/FFELP LOAN PROGRAMS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)**

**Cash and Cash Equivalents (Continued)**

The debt service reserve accounts are restricted by the bond indentures for the payment of principal and/or interest on the bonds, to the extent other available monies held under the indentures are insufficient to pay the interest on the bonds or to meet any sinking fund requirements. The amounts in the debt service reserve accounts for the various bond issues, which are included in cash and cash equivalents at June 30, 2022 and 2021 were \$28,740,765 and \$28,816,861, respectively.

**Investments**

The Programs' investments consist of annuity contracts and pooled cash management funds.

The amounts held in the New Jersey Cash Management Fund, a pooled cash management fund administered by New Jersey State's Treasury, at June 30, 2022 and 2021, were \$36,858,080 and \$31,942,422, respectively, which is measured at net asset value.

**Investments — Interest Rate Risk**

- NJCLASS/FFELP investment policies, as described in **NOTES TO FINANCIAL STATEMENTS – NOTE 1, INVESTMENTS**, require balances to be maintained in high quality, low-risk investment options. All investment vehicles used by the Authority seek to maintain a stable price of \$1.00 per share. In these types of investments, it is highly unlikely that normal fluctuations in interest earnings on the underlying securities would cause a loss of principal. Consequently, NJCLASS/FFELP investments are not subject to interest rate risk.

**Fair Value**

- In accordance with State Investment Council Regulations, units of ownership in the NJCMF may be purchased or redeemed on any business day (excluding State holidays) at the unit cost or value of \$1.00. Investment income and net realized gains and losses on investments are distributed daily in the form of additional whole units at the current day's net asset value. Fractional units are included in the succeeding day's distribution.
- The NJCMF values participants' shares on a fair value basis. Specifically, the NJCMF distributes income to participants on a daily basis based on (1) realized investment gains and losses calculated at market (and added to the Reserve Fund for the pro-rata portion of such gains attributable to "Other-than-State" participants), (2) interest income based on stated rates, (3) amortization of discounts and premiums on a straight-line basis, and (4) administrative and reserve fund fees charged only to "Other-than-State" participants.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 3 STUDENT LOANS RECEIVABLE**

The terms and conditions of the FFELP loans held by the Authority are governed by the federal rules and regulations of FFELP and various benefit programs extended by the original lender of these purchased loans.

NJCLASS loans originated by the Authority to eligible borrowers, as defined in the bond indentures and NJCLASS Program regulations, have the following repayment options:

- (1) To pay principal and interest monthly, beginning within 60 days of disbursement;
- (2) To pay only interest while the student is in school and thereafter to pay principal and interest monthly; or
- (3) To defer principal and interest payments while the student is in school and thereafter to pay principal and interest monthly. Deferred interest on option 3 is periodically added to the loan principal balance.

Under options 1 and 2 as defined above, the NJCLASS loans originated since the inception of the Program in 1991 generally bear interest at initial rates ranging from 2.99% to 8.95%, and option 3 rates have ranged from 4.45% to 9.25%. All fixed rate NJCLASS loans for bond issues until the 2017-1 bond issue, with the exception of Consolidation loans, Medical/Dental loans, and the Refi+ loan which was introduced during the 2016-17 academic year, have a step-up rate that is .75% higher than the initial rate. The step-up rate was discontinued for the 2018-1 bond issue. For the applicable loans, the step-up rate becomes effective in the 49th month in repayment, with the exception of option 3.

Beginning in 1997, HESAA began offering a noncredit-based variable rate loan with an annual rate reset and initially a 23-year repayment term to qualifying graduate students. Any variable rate loans funded that were disbursed on June 1, 2001, or later are subject to an interest rate cap of 9%. This variable rate program was discontinued in 2006 and replaced by a new fixed rate Graduate/Professional NJCLASS Loan product with a 25-year term.

In June 2005, HESAA initiated an NJCLASS Consolidation Loan Program that allows existing NJCLASS borrowers who are out of school or withdrawn to consolidate their existing NJCLASS loans. The NJCLASS Consolidation Loan offers terms of either 25 or 30 years, depending on the outstanding balance of the loans to be consolidated. The interest rate is a blended rate derived from the rates on the underlying loans being consolidated. Loans consolidated between June 1, 2010 and May 31, 2016 have an additional 0.25% added to the blended rate. Loans consolidated after May 31, 2016 have 0.25% subtracted from the blended interest rate.

In 2009, the Authority introduced the Med/NJ program, an NJCLASS loan for students working toward a MD, DO, DDS, or DMD degree. This program was discontinued in the 2012-13 academic year.

**NOTE 3 STUDENT LOANS RECEIVABLE (CONTINUED)**

Concurrent with the issuance of the 2010-2 Bonds, the Authority introduced the 10-year fixed rate NJCLASS Student Loan. These student loans (known as Ten Year Option 1 Loans) offer only option 1 repayment (immediate payment of principal and interest) following disbursement, and only limited deferment or forbearance options.

Concurrent with the issuance of the 2014-1 Bonds, the Authority introduced the 10-year variable rate NJCLASS Student Loan. These student loans (known as Ten Year Variable Rate Option 1 Loans) offer only option 1 repayment (immediate payment of principal and interest) following disbursement, and only limited deferment or forbearance options. The interest rate on these loans is based on three-month LIBOR + 4.25%, resets quarterly, and is subject to a 9.5% maximum interest rate. No proceeds following the 2014-1 bond issue have been allocated to originate 10-year variable rate NJCLASS loans.

Concurrent with the issuance of the 2016-1 Bonds, the Authority allocated a portion of the proceeds to fund 10-year fixed rate loans to refinance and consolidate existing NJCLASS and Federal Plus student loans of borrowers with current New Jersey nexus who are out of school, at more favorable rates. This student loan (known as the NJCLASS Refi+ loan) offers only option 1 repayment (immediate payment of principal and interest) following disbursement, and only limited deferment or forbearance options. The Refi+ loan has a tiered interest rate structure, with three rates, and no step up rate, based on credit score at time of application. For the 2021-22 academic year, the rates are 3.75% and 3.99% for 10-year loans and 4.85% and 5.30% for 15-year loans.

Concurrent with the issuance of the 2017-1 Bonds, the Authority established the Repayment Assistance Program (RAP), for newly originated loans beginning in the 2017-18 and 2018-19 academic years. RAP will allow borrowers (all income from all parties to the loan is evaluated as part of the qualification) to pay an amount equal to 10% of income over 150% of the federal poverty level based on household income of all parties, for up to two years. During the RAP period interest does not accrue on the loan, and the loan amortizes over the same period as the original term. The Trust will cover the interest portion of the payment during the two-year maximum period. Borrowers sign RAP documentation agreeing to make a reduced monthly payment on time each month. RAP is available on a first-come, first-served basis and is subject to available funds. All borrowers will see principal reductions during the RAP period as a minimum monthly payment is required.

Concurrent with the issuance of the 2018-1 Bonds, the Authority established the Household Income Affordable Repayment Plan (HIARP), for newly originated Standard NJCLASS loans beginning in the 2018-2019 academic year. NJCLASS Graduate/Professional Loans, Refinance Loans, and Consolidation Loans are not eligible for HIARP. Through the HIARP program, monthly payments on eligible Standard NJCLASS loans shall be reduced to 15% of the aggregate household income of all of parties to the loan that exceeds 150% of the Federal poverty guideline for their family size, with a minimum monthly payment of \$25.00 (Reduced Payments). The repayment term for loans in the HIARP program will be extended to 25 years from the date of origination of such loan and any remaining balance at the end of 25 years will be forgiven. During the HIARP period interest will continue to accrue on the loan. Borrowers can only enter HIARP after exhausting their two years of RAP eligibility. HIARP is available on a first-come, first-served basis and is subject to available funds.

Concurrent with the issuance of the 2019-1 Bonds, the Authority added the ability for the borrower to refinance eligible private loans. Further, the Authority eliminated the origination of graduate loans.

Over the life of the NJCLASS Program, the loan terms offered, credit policies, and underwriting criteria have been periodically adjusted to meet perceived borrower preferences and needs, as well as when such changes are deemed necessary for the best interests of the NJCLASS Loan Program. Recent changes in underwriting criteria are described in **Management Discussion and Analysis – Current Conditions**. The loan rates, borrower fees, and terms offered in the 2021-22, 2020-21, and 2019-20 academic years are shown in the chart below.

**Loan Servicing**

In conjunction with the Authority's servicing of the student loans, the NJCLASS Loan Program remits to the Authority certain fees for Program administration, that are paid from Program revenues. For the years ended June 30, 2022 and 2021, \$10,687,399 and \$10,967,448 of servicing fees, respectively, were included in loan servicing fees charged to the NJCLASS Loan Program. In connection with its portfolios of existing loans, FFELP pays certain fees for Program administration, which are payable from Program revenues. For the years ended June 30, 2022 and 2021, the fees included administrative expenses of \$58,420 and \$70,689, respectively, paid to the Authority and fees paid to servicing agents of \$138,809 and \$162,740, respectively. In addition, for the years ended June 30, 2022 and 2021, loan consolidation rebate fees of \$240,962 and \$289,404, respectively, were paid to the United States Department of Education.

**Loan Defaults/Loan Reserve Fund**

Under the NJCLASS Loan Program, when a student loan payable in monthly installments reaches 180 days of delinquency or when a student loan payable in installments less frequent than monthly reaches 240 days of delinquency, the Authority will declare the respective loan "in default."

For earlier year NJCLASS bond issues, the Authority had established loan default reserve funds to stabilize the impact of loan defaults in the NJCLASS Loan Program. These are funded from a percentage of original loan principal specified by the appropriate master indenture, and not from bond proceeds.

The Loan Reserve Fund is a separate fund established by the Authority to protect the interests of NJCLASS bondholders by reimbursing the various HESAA bond issues when loans default. Amounts subsequently received from collections of defaulted student loans are used to replenish the Loan Reserve Fund to the extent of 70% of recoveries. The Authority retains the remaining 30% as a collection fee.

There is a loan reserve fund for the 2010-1 Indenture which included the 2017 Bond Issue. Consequently, loan reserve activity for this bond issue is included in the accompanying financial statements and shown in the combining statements presented in the supplementary information section.

**Loan Defaults/Loan Reserve Fund (Continued)**

For the Fiscal Years 2022 and 2021, collections on defaulted loans within the internal loan reserve fund established for the 2010-1 and 2010-2 Indenture, which is included within the NJCLASS/FFELP Loan Programs Financial Statements, totaled \$-0-, and new defaulted loans for the same periods totaled \$2,899,284 and \$5,342,412, respectively. As of June 30, 2022 and 2021, defaulted loans totaled \$222,273,562 and \$217,254,222, respectively.

The 2009, 2010-1, and 2010-2 bond issues are no longer property of any Trust, therefore those default collections no longer are paid to the Loan Reserve Fund.

Amounts due to and from these internal loan reserve funds are netted in the statements of net position, but are shown in the combining schedules of net position.

Allowances for doubtful accounts at June 30, 2022 and 2021 were \$161,068,744 and \$153,410,851, respectively.

Under the terms 2012-1 Indenture, which includes the 2012-1, 2013-1, 2014-1, 2015-1, and 2016-1 Bond Issues, the 2017-1 Indenture, the 2019-1 Indenture, and the 2021-1 Indenture, no loan reserve fund were established.

**NOTE 4 BONDS PAYABLE**

The Authority has issued bonds to support its loan programs. All bonds described herein are limited obligations of the Authority, payable solely from the assets of the NJCLASS/FFELP Trust Estate (Trust Estate), as described in the official statement of each bond issue. None of the Authority's assets or funds (other than the Trust Estate) are pledged as security for the bonds.

**Redemption Provisions**

The supplemental indentures for each bond issue define the terms under which bond redemptions are to occur. Specific information and requirements governing each type of redemption are defined in the sections on redemption provisions below. These sections are followed by a cumulative schedule of bonds issued, bonds accreted, redemptions by type and bond issue since the inception of the NJCLASS Program in 1991, as well as bonds outstanding at June 30, 2022.

**Extraordinary Redemptions**

Provisions governing the extraordinary redemption of bonds prior to maturity were included in the redemption provisions sections of the indentures for all bonds issued during the years 1991 through 2019. Where applicable, these early redemptions were permitted under the Extraordinary Redemption from Unexpended Proceeds, the Special Redemption, Extraordinary Redemption from Excess Revenues, Special Optional Redemption from Excess Revenues, and Special Mandatory Redemption from Excess Revenues sections of the indentures or supplemental indentures. All bonds retired under the Extraordinary Redemption provisions were redeemable at par.

The 2011-1, 2012-1, 2013-1, 2014-1, 2015-1, 2016-1, 2017-1, 2018-1, 2019-1, 2020-1, 2021-1 and 2022-1 Bonds that are eligible for redemption prior to maturity are also eligible for special optional redemption from excess revenues at the option of the Authority, plus accrued interest. During the 2022 Fiscal Year, a total of \$174,965,000 of bonds within these respective issues were redeemed under this provision and are included in the Cumulative Schedule of Bond Redemptions at June 30, 2022.

**Optional Redemptions**

Each indenture also contains provisions for the optional redemptions of NJCLASS fixed rate bonds.

The following chart outlines the optional redemption provisions for the 2008 through 2021-1 bonds. Bonds maturing prior to these dates are not subject to optional redemption prior to maturity.

**Scheduled Maturities**

Since the inception of the NJCLASS/FFELP Programs in 1991, the supplemental indentures applicable to each bond issue have included schedules containing the maturity dates of the various CUSIPs within each bond issue.

As governed by the indenture for each issue and series for the years 2008 and 2009, mandatory sinking fund redemptions prior to maturity, in part, by lot are required. The amounts of sinking fund redemptions for the Fiscal Years 2019 through 2023 and thereafter, are included in the Schedule of Future Maturities and Sinking Fund Requirements shown on page 32.

**Cumulative Redemptions**

The following schedules present summarized information by bond issue relating to all types of bond redemptions from the inception of the NJCLASS/FFELP Program in 1991 to the financial statement date.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 5 ARBITRAGE REBATES AND ACQUIRED PURPOSE INVESTMENT LIABILITY**

**Arbitrage Rebates**

Pursuant to current federal income tax law and in accordance with the bond indentures, certain income earned on nonpurpose investments (investments other than student loans) attributable to the Authority's outstanding tax-exempt bonds is subject to payment to the U.S. Treasury as arbitrage rebates.

The arbitrage rebates are determined and calculated annually based upon the percentage of yield realized on the nonpurpose investments compared to the percentage of yield on the tax-exempt bonds and is cumulative over the lives and terms of the applicable bond series. Accordingly, the determined amount for any one-year could be reduced in subsequent years based on changes in yield differentials. No arbitrage expense was accrued or paid during the 2022 and 2021 Fiscal Years.

**Acquired Purpose Investment Liability**

As required by the trust indenture, HESAA has calculated an "acquired purpose investment" (API) liability that results from the loan yields exceeding the bond yields by more than 2.0% for certain of its bond portfolios, namely those bond portfolios issued in years 2012-2017. HESAA has covenanted with bondholders to reduce or forgive the principal of and the interest on student loans in order to reduce the loan yield on such loans to meet the 2.0% limitation. To that end, HESAA has in place and has implemented a formal loan yield reduction policy, which includes, among other things, principal and/or interest forgiveness on loans. As a result of the implementation of this yield reduction policy, no liability is expected to ultimately be paid by HESAA. While the loss contingency can be reasonably estimated, it is not probable of payment as the Agency's loan yield reduction policy is expected to reduce the API amounts over the next several years. While the U.S. tax code requires that the API liability be calculated, it does not require any payment of this liability until the tenth year after the bond has been issued if there is no formal yield reduction policy in place. Thus, no accrual contingency is necessary.

The acquired purpose investment liability calculated as of June 30, 2022 and 2021 by bond portfolio year is as follows:

<u>Bond Issue</u>	<u>June 30, 2022</u> API Liability	<u>June 30, 2021</u> API Liability

**NOTE 6 CONCENTRATION OF CREDIT RISK**

**Student Loans Receivable**

The Authority provides student loans to New Jersey residents and out-of-state residents attending college in New Jersey, who use the proceeds for the purpose of pursuing higher education. The Authority assesses eligibility of loan applicants using criteria equal to the established guidelines for comparable loans in the banking industry. HESAA management continually monitors the performance of the NJCLASS and FFELP loan portfolios and maintains loan reserve funds for the 2010-1 and 2010-2 Master Indentures, which were capitalized by a fee charged at disbursement and partially replenished by collections on defaulted loans, to reimburse the bond issues when defaults occur. This policy is in conformity with the reserve amount requirements of the trust indentures between the Authority and Wells Fargo Bank. As a means of ensuring that cash flows generated from NJCLASS Student Loans will be sufficient to cover and protect the interests of the bondholders, management considers the cash flows of the loan reserve fund in combination with those of the bond issues adequate in light of actual loan default experience.

**NOTE 7 COMMITMENTS AND CONTINGENCIES**

In March 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic and Governor Murphy declared a State of Emergency in the State of New Jersey. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Authority, COVID-19 may impact various parts of its 2020 and 2021 operations and financial results including, but not limited to, decreases in incoming funds due to the inability of certain Student Loan borrowers to make full and timely loan repayment, decreases in fee income resulting from lower college saving investments, impact on the financial markets especially impacting interest rates and resulting income and a reduction in the number and amount of NJCLASS loans being borrowed as well as an increase in costs for emergency preparedness. Management believes the Authority is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

**NOTE 8 SUBSEQUENT EVENTS**

On August 1, 2022, HESAA retired \$50,510,000 of its 2012-1, 2013-1, 2014-1, 2015-1, 2016-1, 2017-1, 2018-1, 2019-1 and 2020-1 Bonds, through special optional redemption from excess revenues. These redemptions are made possible by better than expected cash flows on the student loans associated with these bond issues.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board Members  
New Jersey Higher Education Student Assistance Authority  
Trenton, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the NJCLASS/FFELP Loan Programs (the Programs) of the New Jersey Higher Education Student Assistance Authority, which comprise of the statement of net position as of June 30, 2022, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 21, 2022.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Programs' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Programs' internal control. Accordingly, we do not express an opinion on the effectiveness of the Programs' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Programs' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
